Eurobot 2020

Sail the World

After the storm...

1. Fix the lighthouse
2. Rescue buoys
3. Follow the wind

Innovative ideas!

- Use the third dimension…
- New objects to handle…
- Plan your course…

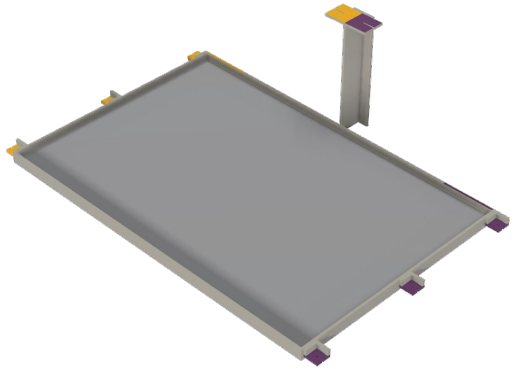
Feel free to innovate!

Explore robotics

And of course, have fun!

Keep going

- Improve detection and tracking, beacon systems are kept.
- Reuse your machine vision systems.
- New standard hats at the top of robots.
- The table will remain the same size.



It’s up to you to invent new ways of sensing!
